WASHINGTON, August 7.—Secretary Whitney yesterday sent the following letter to Mr. Roach and his assistants: By the seventh clause of your contract, with the United States, dated July 26, 1883, for the construction of one steel cruiser of about 45,000 tons displacement, it was agreed that the hull, machinery and fittings of such vessel should be completed and ready for inspection for the purpose of delivery on or before the expiration of eighteen months from the date of the contract. It was further provided in the eleventh clause that, in the event of the failure of the contractor to complete the vessel by the expiration of the time specified, the United States should be at liberty to cancel the contract, and to award the work to another contractor. The contractor, however, has failed to complete the vessel by the expiration of the time specified, and the United States is at liberty to cancel the contract, and to award the work to another contractor. A TERRIBLE CRIME.

Bloody Suicide and Murder in Louisville.

JEALOUSY WAS THE CAUSE.

"Come and Help Poor Mamma, Papa has Killed Her"—Other Interesting Items.

A Fearful Crime.

LOUISVILLE, August 7.—The bloodiest crime that has blotted the criminal records of Louisville for months was committed this morning in a little frame house at the corner of Thirty-Third and Bank Streets. Michael Katin, aged 40, killed his wife in cold blood, and then cut his own throat. The suicide and murderer is a German. His wife was a pretty little German woman, and attracted much admiration from the neighbors. He has frequently showed jealousy of his wife's attention to his workmen, and would become greatly excited at times. They quarreled, and last night a quarrel of unusual violence occurred between them. This morning, about 11 o'clock, Mr. Snyder, a neighbor, who was at work in his garden, was called by some little children, who said, "Come and help poor mamma; papa has killed her." He went immediately, and found the wife lying dead in a pool of blood in one room, with a ghastly wound in her throat. The husband was still breathing, but a horrible knife thrust was in his throat, from a knife which he still clutched in his hand. His windpipe was completely severed.

Ex-Confederates.

GALVESTON, August 7.—A special to the News from Greenville, Texas, says: The reunion of the ex-Confederate soldiers here, yesterday, was estimated at 20,000 veterans, and others were on the ground. General Ross, of the Ross brigade, was orator. He alluded to the fact that thousands of crippled old Confederates were begging a living from door to door, while 100,000 Federal soldiers were drawing pensions. At the close of General Ross' address, the following was unanimously adopted: In the name of the surviving members of the Ross brigade, Reitor's brigade, Maxey's brigade, Granbury's brigade, Eleventh cavalry of Texas and unattached Confederates and Union soldiers, numbering about 10,000 men, resolutions eulogistic of the life and services of General Grant and of sympathy with his family, were passed, and were ordered telegraphed to Mrs. Grant. Many addresses of eulogy were delivered.

Ex-Confederates in Line.

CHICAGO, August 7.—Ex-Confederate soldiers, to the number of nearly fifty, residents of Chicago, assembled to-day at the call of William Milliken, of Buford's staff, and formed a temporary organization for the purpose of participating in the Grant memorial exercises here to-morrow. Resolutions highly eulogistic of the dead soldier were passed. Gen. Fitzsimmons, marshal of the day, has assigned a prominent place in the line to the ex-Confederates.

Appointments.

WASHINGTON, August 7.—The President made the following appointments to-day: To be Secretary of the Territory of New Mexico, George W. Lane of Buffalo, N. Y.; to be Indian agent, Joseph Emery of Oregon; at Klamath Agency, Oregon; Charles H. Potter of Nebraska; Omaha and Winnebago Agency in Nebraska; William H. Spalding of Nebraska; at the Santee Agency, Nebraska; Robert L. Owen, of Indian Territory, at Union Agency, in Indian Territory.

Yellow and Green.

DUBLIN, August 7.—While a number of Orangemen were to-day returning from a farm in County Monaghan, where they had been cutting hay, as substitutes for evicted tenants, they were met by a party of the latter, in company with sympathizing friends, and, fearing an attack from them, they fired on the crowd, wounding its chief man. The police had to be called out in force to preserve order, and several arrests were made. Further trouble is feared.

To-Day.

DALLAS, Tex., August 7.—W. H. Newman, traffic manager of the Missouri Pacific in Texas, yesterday received a telegram from Vice-President Horie, saying that it was the desire of the management to have all the offices and shops of the company, as far as possible, closed to-morrow and the day appropriately observed. Trains, however, will run as usual.

Strong War Feeling.

LONDON, August 7.—Dispatches from St. Petersburg say that there is a strong war feeling in Russia, and that military preparations are in progress in Finland.

A Revengeful Son.

ATLANTA, Ga., August 7.—A special from Lafayette, Ala., to the Constitution, says: Eight miles from Lafayette, William Hancock, a farmer, aged 57, and son, William Hancock, were partners in a threshing machine. Yesterday they quarreled over a division of the tools. The old man got a gun and made threats of assault against his son, but no violence occurred. The father, with another son named John, then went to William's house. Soon after that, William arrived and procured a gun and told his father that he was ready to fight it out. The old man raised his gun to fire, but William, being quicker, fired first, striking, but not disabling his father. The old man fired without effect, and William fired his second barrel, killing his father instantly. John Hancock seized his father's gun and shot his brother under the eye. William drew a pistol and began firing while John ran. One shot took effect in John's side. William overtook him and carried him back home. William has been arrested, and seems to care but little for his terrible deed.

To Attend the Obsequies.

WASHINGTON, August 7.—Secretary Whitney has designated the following officers to attend the obsequies of General Grant at New York: Commodore Scand and Schley, Chief Constructor Wilson, Chief Engineer Loring, Surgeon Van Riper, Commander McCalla, Chief Engineer Snyder, Lieutenants Kelley and Dyer.

The War Department will be represented by Adj. General Drum, Surgeon-General Murray, Inspector-General Davis, Quartermaster-General Holland, Commissary-General MacFie, Postmaster-General Rochester, Chief of Engineers Newton, Acting Chief of Ordnance Whitmore, Acting Chief of Signal Office Jones, Acting Judge-Advocate-General Seiber. They will leave Washington in a special car attached to the 4 o'clock train for New York this afternoon.

Big Attendance.

NEW YORK, August 7.—Advises from Philadelphia state that business will be generally suspended, and a very large number are prepared to come to this city to witness the grand pageant. The Pennsylvania road is preparing to bring 50,000 persons. The bells upon Independence Hall and all public buildings will be tolled between the hours of 10 and 12 o'clock in the morning. From Baltimore, word is received that several thousand persons will come to this city to-morrow. All the trains are running full. Some of them are divided into sections to accommodate the throngs. Business will be almost entirely suspended, and many of the churches will hold memorial services. Boston advises to the effect that the Governor and his staff, other State and city officials, and a regiment of State militia left by special train this morning.

Eternal Rest.

NEW YORK, August 7.—The procession to the City Hall at the hour of midnight extended above Canal Street, half a mile away, and was four deep. It is estimated that as many as 300,000 persons have visited the hall within the two days that the remains have lain in state. At 11 o'clock, the gates were closed for the night and about 200 persons who had been in line were disappointed in not seeing the face of the dead General. The procession began to diminish about half an hour after midnight, and near 1 o'clock it was of rather of slim proportions. At 10 o'clock, the body will be taken to Riverside Park, and the last obsequies over the great General will be over and his ashes will have eternal rest.

An Elopement.

DENVER, August 7.—News! Santa Fe! Mrs. F. H. Brigham, wife of the architect of the new capitol building, eloped on Wednesday night, with James H. Manderville, formerly of Newark, New Jersey, tutor to the children of General L. B. Briggs. The husband is deeply grieved, but will make no attempt to follow the faithless wife and paramour, who is supposed to have gone to Kansas City.

Seized a Vessel.

WASHINGTON, August 7.—Commander Wilder, of the Yantic, informs the Navy Department that he sailed to-day from Colon for New Orleans. He also reports that he seized one of the Panama Railroad company's vessels, which the revolutionists had captured and were using, and returned it to its owners.

Can a Face Complexion be Created?

It can, and safely, too. The effect of "GLENN'S SULPHUR SOAP" is a case in point. It overpowers the most clouded complexion with transparent lustre. To the brow, to the cheeks, to the neck, arms and hands, it gives a luminous brilliancy. Is not this creating a complexion? And mark—there is nothing noxious in this marvelous beautifier. Beware of counterfeits. See that "C. N. CUTTERTON, Proprietor," is printed on each packet, without which none is genuine. Sold by druggists at 25 cents; three cakes, 60 cents. No less valuable as a toilet accessory is "HILL'S INSTANTANEOUS HAIR DYE." Its specialties are the natural, durable and reliable tint which it bestows. It is but half the price of most of the deleterious dyes in the market, and is proven by sworn analysis to contain nothing harmful to the head or scalp.
